Euroclass B and ASTM E84

Smart Vinyl over Vinyl Wallpaper **Adhesive**

Smart Vinyl over Vinyl Wallpaper Adhesive is a high performing ready mixed wallpaper paste that has been formulated to be used with all Smarter Surfaces functional wallpapers.

Suitable for vinyls, overlapping and sticking to gloss surfaces, Smart Vinyl Wallpaper Adhesive can be used with any wallpaper that requires a high strength adhesive. Simply apply one light coat before applying your wallpaper to the wall and add additional adhesive where necessary.

Please note it is essential to use a vinyl over vinyl adhesive, like this one, with all the magnetic wallpapers in our range.

Read or download our step-by-step Application Guide here.

Smart Projector **Paint Pro** (White) (non dry erase)

📄 Description:
Smart Projector Paint Pro allows you to transform any smooth paintable surface into a high performance projector screen. Smart Projector Paint Pro facilitates the projection of bright, sharp images in high definition. It has been designed and tested to provide maximum projection surface performance.
